Town Council Has Busy Session

Newly - Elected Members Take Their Seats. --- Committees Struck For Ensuing Year. Secretary Treasurer Re-Appointed

The first meeting of the Town Council for the year 1920, was held on January 5th, when Mayor Kenny was the presiding officer and Councillors A. Mills and H. W. McLeod were present, together with Messrs. F. Dewar, Scoffield and Wiley, the newly elected members who were introduced and sworn in by the chairman at the opening of the session.

The appointment of the members of standing committees for the current year was then proceeded with and resulted as follows:

Public works — Messrs. Wiley, McLeod and Scoffield.

Fire, water and light — Messrs. Mills, Cork and Wiley.

Assessments and property — Messrs. Cork, Mills and Dewar.

Bylaws — Messrs. Dewar, Scoffield and McLeod.

Finance — Messrs. Scoffield, Wiley and Cork.

Health, parks and cemetery —Messrs. McLeod, Dewar and Mills.

Public utilities — Messrs. Cork, Wiley and McLeod.

At this stage of the proceedings the council adjourned till the evening of January 6th.

At the opening of the adjourned meeting all the members were present except Councillor Cork. A letter was received from the Department of Municipal Affairs at Edmonton, dealing with the fidelity bonds of the secretary treasurer, and also a communication dealing with the matter of the town's debentures, the latter being laid over till the meeting to be held on January 20th.

The finance committee reported the payment of all current accounts.

Councillor H. McLeod was appointed as deputy mayor for the first three months of 1920.

In the matter of the appointment of secretary treasurer, the present incumbant of that office, H. Y. Pawling, was unanimously chosen for another term.

Mr. C. C. Brenner appeared before Council requesting the free use of the town rink for the purpose of a skating carnival which the High School is desirous of holding and Council granted the request for the evening of Friday, January 30th.

It was decided that the first and third Tuesdays of each month should be the nights of meeting during the year, and after appointing Messrs. Fieldhouse and Hunter as town solicitors and Dr. Middlemass as medical health officer, the Council adjourned.

SPRING BULL SALE & BABY BEEF CONTEST

The following is of special interest to prospective sellers or to purchasers of bulls at the Spring Bull Sale to be held at Calgary, at the same time as the Horse Show, March 23rd to 26th, 1920, and to exhibitors at the Alberta Winter Fair in the open classes, and girls' and boys' classes.

At one of the most important meetings of the directors of the Alberta Cattle Breeders' Association ever held, which took place on the 19th of December, 1919, the following regulations and changes were authorized in connection with the Spring Bull Sale.

Bulls eighteen months and under thirty months will be sold first next, bulls under 18 months, and last, bulls thirty months and over. Bulls will be stabled and catalogued in this order, but as usual all the bulls of one breed will be sold together, and in the same alphabetical order of owners as previous years. Letters A to E in 1920. Breeds will be sold in the following order; Shorthorns, Aberdeen Angus, Herefords.

The loading fee of seventy-five cents will be discontinued and the entry fee which has not been changed for twenty years will be changed from $2 to $4 each. The commission will remain the same, namely, 5 per cent., with a minimum of $5, with the regular charge of 4% against animals sold privately.

Animals to be eligible for the Spring Bull Sale must have been born before the first of April, 1919, and after January 1st, 1915.

Bulls will only be accepted for the Spring Bull Sale that have been calved in Alberta, or that have been used for breeding purposes in Alberta for at least one year.

Applications of entry for the bull sale may be obtained from E. L. Richardson, Calgary, by the middle of January. Entries close February 23rd.

The following changes were adopted in connection with the Baby Beef competitions:

Boys and girls competing must be ten years or over and under seventeen years.

Steers or heifers must have been born on or after the first of January, 1919.

The feeding period for the Baby Beef and Heifer Competitions will be from the first of October to the date of Show.

REGISTRATION PASSES 1000 MARK

The University of Alberta at Edmonton enters the New Year with a registration of 1004 students, in addition to some 35 students registered in Law at Calgary. This is an increase on the previous highest registration of nearly 70 per cent. the figure displaced by the new record being last year's registration of 618.

Seeing that strikes are something fashionable, how long before the clerks in our local banks are due to "jib" is a question that is being asked.

REBEKAH LODGE INSTALS OFFICERS FOR NEW TERM

At the last meeting of Adeline Rebekah lodge, I.O.O.F., Mrs. S. Bowerman, D.D.P., installed the officers for the ensuing term when there was a good attendance. The new officeholders are as follows:

Mrs. Margaret Davies, J.P.G.
Mrs. V. Graham, N.G.
Mrs D Davidson, V.G.
Mrs. Lasell, Sec.
Miss Tory, Treas.
Mrs. H. W. McLeod, Chap.
Mrs. E. M. McNeil, War.
Miss M. Turner, Con.
Mrs. Bowerman, R.SN.G
Mrs. P. Laird, L.S.N.G
Miss R. Love, R.S.V.G.
Miss E. Pigeon, L.S.V.G.

Mrs. J. Gerow and Miss Turner were appointed auditors for the year and the first named member was elected to represent the lodge at the grand lodge session at Calgary next month.

UNION BANK ASSETS NEARLY 175 MILLION

With total assets of $17',000-000, the fifty-fifth report of the Union Bank of Canada is the most notable in the history of the institution. Compared with $153,000,000 last year the bank has added to its assets $22,-000,000 which represents a gain of 14.23 per cent. within the twelve month period, a striking achievement having due regard for the vicissitudes of the reconstruction era.

Notable among the year's development was the addition of $2,000,000 to the reserve fund, thus bringng the total to $5,600,000. This was made possible by the aplication of $1,781,170 premium from the $3,000,000 new capital stock issue and $218,830 transferred from current profits. The addition to this account brings the total reserve up to 70.28 per cent. of capital.

The bank's liquid or quickly convertible assets are in excess of $76,000,000 compared with $72,000,000 last year and bear a percentage of 47.23 per cent. to public liabilities.

A gratifying feature of the bank's return is the increase shown in public savings, notwithstanding heavy withdrawals for Victory Loan subscriptions.

The total of current loans for this year is $86,529,156, compared with $74,021,028 last year, an increase of $12,508,-12 or 16.89 per cent. This substantial gain will indicate that the bank is doing its part in meeting the increased demand for loans from the Canadian public.

In an international way the Union Bank of Canada has made interesting progress, with the rounding out of the Park-Union Foreign Banking Corporation, which is jointly owned and controlled by the National Park Bank of New York and the Union Bank of Canada. During the year branches of the corporation were established in San Francisco, and Seattle, U.S.; Yokohama, and Tokyo, Japan; Shanghai, China and Paris, France. Being in addition to the Union Bank's own branches in New York city and London, Eng., the foreign connections thus established promise to be of far-reaching importance in the furtherance of Canada's export trade policy. In Canada during the year by the opening of 89 branches the Union Bank of Canada's branch bank system was brought up to a total of 390 branches.

GREETINGS FOR 1920

The directors of the department of extension of the University of Alberta conveys greetings for the New Year to all and expresses hopes for a busy, happy and prosperous year. He hopes also that the people of the province of Alberta will make full use of the service proffered by the department of extension and will welcome any call for assistance that it is in his power to give. A pamphlet of general information on the aims and methods of the department will be sent to all who apply for it.

NEW ADVERTISING AGENCY ORGANIZED

After nine years' service Mr. James Fisher, the well known advertising man, has resigned the position of Manager of the Toronto office of McConnell and Ferguson, advertising agency, and will shortly organize a new agency, to be known as "The James Fisher Company." Associated with Mr. Fisher as members of the new company will be Messrs. W. H. Bowman, E. W. Reynolds and W. M. Chisholm, all of whom have been connected with McConnell and Ferguson. Mr. Fisher was originally the business manager of The Herald at Stratford, Ont. He spent two years with the McKim agency, and four years as advertising manager of the Hugh C. McLean publications. In the agency field he has handled the work of many leading commercial advertisers, as well as important campaigns for both federal and provincial governments. He is well known from coast to coast as a successful advertising man.

Mr. Bowman has been prominent in the Canadian advertising field for many years as a leading copy writer and as an advertising counsel. He spent twelve years with the firm he is now leaving.

Mr. E. W. Reynolds was for seven years on the editorial staff of the Toronto Globe, including two years as editor of the industrial department. He also wrote many articles on business and financial subjects for leading Canadian, United States and British periodicals. Since entering the advertising field he has been connected with the head office of McConnell and Ferguson, at London, Ontario.

Mr. W. M. Chisholm is a Nova Scotian, but graduated from the O.A.C. at Guelph and was for a time a district representative of the Ontario Department of Agriculture. He has been in the advertising profession for several years, especially in advertising appealing to the farm field. The new organization are, we understand, specializing in the Western field.

WAINWRIGHT AGAIN BREAKS ALL RECORDS

F. C. Ramsden, representing the Measuregraph company, of St. Louis, Mo., is here today installing a Measuregraph in Fraser's store.

This wonderful machine is the last word in store equipment and Mr. Ramsden informs us that Wainwright holds the unique position of being the first town in Alberta to have one installed.

Mr. Ramsden comes here from Saskatoon, where he has placed several of these machines in the leading stores there and he leaves tonight for Edmonton, where he has contracts with some of the leading stores.

This is sure another step in the progress and up-to-dateness of our enterprising townsman, B. N. Fraser. Drop in at the store and it will be described to you with pleasure.

PREVAILING SITUATION SEED OATS MOVEMENT

In those districts where the oat crop was a partial or total failure last season, farmers are becoming somewhat anxious as to the available supply of seed oats. There is a general tendency on the part of farmers who have seed oats for sale to withhold them until later in the winter. The movement of seed oats is delayed also, because transportation has been needed for coal, feed and live stock, according to George H. Clark, Dominion seed commissioner. Possibly 400,000 bus of seed oats may be required in Ontario and Quebec and a much larger quantity in southern Alberta and Saskatchewan. The Canadian Govt. Seed purchasing commission has already substantial supplies in store in the Interior Terminal Elevators, and large quantities of good quality early harvested oats are still to come forward. Alberta and Saskatchewan requirements will be given first consideration from the seed oats produced in these provinces.

The shortage in Ontario and Quebec may easily be met from the large and excellent oat crops in Prince Edward Island and Eastern Nova Scotia. No. 1 quality Island Banner seed oats are now being delivered as far west as Toronto at a price comparable with Western seed oats of same grade. The price of No. 1 seed oats delivered in bulk carlots at any point in Ontario and Quebec should not exceed the current Fort William cash price for No. 2 Canada Western oats by more than 35 cents per bushel. Registered and other selected stocks true to variety may be higher in price.

The Dominion Seed Branch provides a system of grading and inspection, so that shippers in either Western Canada or the Maritime provinces may make delivery of seed inspection certificates with their bills of lading. Purchasers of seed oats in any part of Canada may now buy on the basis of grade, No. 1 Seed, No. 2 Seed, etc., and subject to the delivery of seed inspection certificates

Attractions At The Elite Local Theatre

"GREEN EYES"

Pretty Doris Lee is one of the Thomas H. Ince discoveries and she appears to advantage in Paramount pictures. She has a daintily pleasing role in "Green Eyes," the new Dorothy Dalton picture, which comes to the Elite theatre next Monday and Tuesday. Miss Lee is talented and is making a steady upward climb in her screen work. The picture is said to be one of the most dramatic and emotional in the roster of recent screen attractions. Certain it is that Miss Dalton will enhance any story by her personal charm and in this production she has a superior cast as well.

"THE RESCUING ANGEL"

In "The Rescuing Angel," a new Paramount picture starring Shirley Mason, the well-known stage and screen star, two entirely different types of men propose marriage to the charming heroine. Both are wealthy. Forrest Stanley, as Joseph Whitely, plays the role of a self-made man, who by hard work and persistent application had made his mark in life. He is big, true and gallant and in proposing to the girl he loves, proudly offers himself as a first consideration and his money as a weak second.

The other type of man, Eliot Slade, is played by Arthur Carew. Slade, in setting up his case to the girl of his choice, points out as a foremost point in his favor, that he comes from a fine old family; and as a next consideration, that he is wealthy, thus putting himself as a man at the end of the list.

It happens that Shirley Mason playing the role of Angela Deming, receives both the proposals. It is up to her to choose. Which would you choose?

See the picture at the Elite theatre on Friday and Saturday and find out how Shirley viewed the matter. Walter Edwards directed, James C. Van Trees did the photography and the story was adapted by Edith Kennedy from the play by Clare Kummer. Prominent members of the cast are John Steppling, Carol Edwards, Jas. Neill and other well-known Paramount favorites.

WINTER CARE AND REPA'R OF FARM MACHINERY

"Let him use more machinery then," is the stock phrase and cure-all prescribed by the "knowitall" of the farmers' labor problem, says W. L. Graham, assistant Dominion Field Husbandman. This is just what he has been doing for a generation or ever since city wages were greatly higher than those upon the farm. Today machinery has doubled in cost because it does not grow upon the land by the free agency of sunlight like crops but is made in cities and by labor that exacts far more than the farmer's wage. Thus there is a limit to the machinery the farmer can afford to buy and to the extent to which he can substitute machinery for expensive labor. In other words, machinery is now expensive labor.

Farmers, therefore, are going to house their machinery in some way, since the price is still soaring and since the life of an implement well cared for is prolonged four or five times the life of machinery which is left in the open. An energetic farmer will not allow his horse or cow to stand out in the rain or snow. He will rush to get his crop into the ground on time and in the best possible condition and he will gather his harvest promptly and carefully so that there is the least possible loss. Many of us will do all these things and still allow a part of the toil earned revenue to be swallowed up in the purchase of sky soaring priced machinery or in expensive repairs.

See to it that each implement wears out and does not rust out. Every one knows care. Machinery may be just as well cared for if it is allowed to stand in the shade of a tree as if stored in some of the leaky sheds, open sheds, poorly drained sheds or combined implement sheds and hen roosts which are found.

Do not merely go through the motion but shelter considerately and before doing so, first list the repairs needed for next season and secure them along with an assortment of bolts, rivets, springs etc., in time to have each implement

ALBERTA HOME SERVICE CAMPAIGN

Organization is under way for a campaign to establish the Salvation Army work in Alberta on a better and more permanent footing. Already a central committee has been organized and His Honor Lieut.-Gov. R. H. Brett has kindly consented to act as honorary president. Adjutant Tutte of the Edmonton headquarters of the Salvation Army will take charge of organizing through out the province.

The object of the campaign is the maintenance and extension of the following branches of work operating in Alberta; Children's home, Calgary; rescue home, Edmonton; industrial home, Edmonton; military hostel, Calgary; prison work, Lethbridge and Fort Saskatchewan; police court work in the larger cities; missing friends department; free employment bureaux; salvage stores; relief departments and mission work in 18 centres. It is also desired to erect and equip a new children's home within the coming year. A receiving, children's and rescue home is urgently needed in Edmonton.

The home service campaign is being organized in Calgary and Edmonton for a canvass early in the new year and it is hoped that business men in all the cities, towns and villages will readily and enthusiastically assist in organizing the campaign throughout the rural districts of the province.

SLEIGHING PARTY

On last Saturday evening a jolly party was made up on the invitation of Mr. and Mrs. Mitchell and consisted of a sleigh drive out to Lieut. Mayone's farm, eight miles south, and was made up of local people. After spending a short time at the farm, the guests returned to town, where Mr. and Mrs. Mitchell prepared a delightful supper. Singing and dancing occupied the evening until it was time to go home. The young people who were present extend a hearty vote of thanks to Mr. and Mrs. Mitchell.

OPEN SHELF CIRCULATION BOOMING

The circulation of books from the Open Shelf Library of the department of extension is rapidly increasing, and the month of December, 1919, has established a new record of 27. If the people of our province made themselves acquainted with the service that much of our work is rendering, that record, high as it is, would soon be eclipsed, for the open shelf contains a remarkably good collection of books on a wide variety of subjects. A catalogue will be sent to anyone in the province who applies for it.

HOW TO LIVE TO BE 10[illegible]

Mrs. Ann Sissons, Mansfield Notts) England, who has celebrated her 100th birthday says her recipe for living to be a centenarian is "hard work, poverty, good pluck and contented mind." "I have been reported dead three times," she said, with a merry smile, "and once I met an insurance man coming to my home to pay the claim. The funeral bell was rung for me, but I am still alive." Mrs. Sissons has been a widow for 30 years and has had a family of eleven. She has seventy grandchildren. "A lucky girl."

Report of the Auditors to the Shareholders of the Union Bank of Canada

In accordance with the provisions of subsections 19 and 20 of Section 56 of the Bank Act, we report to the Shareholders as follows:—

We have audited the above Balance Sheet with the books and vouchers at Head Office and with certified returns from the Branches.

We have obtained all the information and explanations that we have required, and are of the opinion that the transactions of the Bank which have come under our notice have been within the powers of the Bank.

In addition to our verification, at the 29th November, we have during the year, checked the cash and verified the securities representing the investments of the Bank at its chief office and principal branches and found them to be in agreement with the entries in the books of the Bank relating thereto.

In our opinion, the Balance Sheet is properly drawn up so as to exhibit a true and correct view of the state of the affairs of the Bank, according to the best of our information and the explanations given to us, and as shown by the books of the Bank.

WEDDING BELLS

Labonte-Bisson

St. Lukes Catholic church was the scene of a pretty wedding at 10.30 a.m. on January 7th, when the Rev. Father Lemaire assisted by the Rev. Father Huet, of Chauvin, conducted the nuptial ceremony between Miss Mary Olive Bisson and Alma Labonte. The bride, who was becomingly attired in a pretty travelling suit of blue, was given away by her father and at the conclusion of the ceremony a large party of friends attended the happy couple to the home of Mr. and Mrs. J. U. Girard, at Greenshields, where a sumptuous wedding dinner was served. Later in the day the newlyweds left for a honeymoon trip to B.C. and other coast points. The wedding presents were both numerous and costly. The "Star's" congratulations for a long and happy life.

H. C. Munn leaves today to assume managerial charge at the Red Deer branch of the Merchants bank.

When About To Buy a Cream Separator, Note The Following Facts on

THE DE LAVAL

LL other cream separators made today, excepting none, are constructed upon either discarded or abandoned De Laval inventions, in consequence of which the very best of them are barely equal to the De Laval machines of ten years ago.

The De Laval has received all highest honors and first prizes at every important Exposition, World's Fair etc., held within the past thirty years, and is the only separator which is used in every country in the world.

More than 1,750,000 De Laval machines, many times all others combined, have been sold to date—THERE'S A REASON.

CITY MARKETS & COST OF LIVING

The operation of city produce markets is regarded as having a close bearing on the cost of living in the towns and cities. With a view evidently of bringing out the best system of conducting city markets, the Agricultural Gazette of Canada published by the department of agriculture at Ottawa, has brought together, in the December number, the system by which markets are handled in eighteen of the larger cities in Canada. The statements provided by city mayors, city clerks and superintendents of markets show clearly that there does not exist in Canada any uniform system of city market administration. Each city has its own special rules and regulations. In some instances the market is subject to a sort of publican who buys from the city the privilege to collect tolls or fees from those who bring produce to the market. In other cases, as in Regina we find a farmer's association efficiently conducting the city market on a business basis appointed by the city council. The Hamilton board of trade has established a wholesome relationship between its urban and rural peoples by creating a farmers' section of the board. The friendly co-operation and exchange of views between the two sections result in a better understanding of conditions, consequently the Hamilton market is highly esteemed by growers and buyers. It serves the interest of both. Special features adopted by the various market administrations are giving excellent results, for example, the system adopted as at Port Arthur for the selling of consignmnets of produce by the market manager on a commission basis. Besides securing to the purchasers fresh supplies of food at a cost, usually below the prices charged in the stores, these markets bring to the producer considerably higher prices than if the produce were compelled to pass through several hands each taking their necessary toll.

Clever Counterfeiters Circulating Bad Silver

"Ring your silver," is the advice given to the public by the Alberta provincial police, whose attention is now being engaged by one of the cleverest bits of counterfeiting that has been discovered in recent years. Two counterfeit quarters were passed on the Dominion Express at Empress a month ago refused by the bank at that point and recently forwarded by the Express company to the Calgary office. The bad money is in every respect but one an almost perfect imitation of the real thing. In design, and even in milling, the resemblance between the counterfeit quarters and the coins issued from the mint at Ottawa is so close that an expert would experience difficulty in determining the difference with the aid of a microscope. The bad money however, lacks the clear ring of the real silver coins, and is short in weight.

The quarters passed at Empress may be the only two counterfeits in the province, but it is possible that there may be more. If any should be discovered, information should be given the police at once, in order that efforts may be made to trace it to the source.

Let us resolve that 1920 shall have our best and that out of its opportunities we will gather riches of intellect and moral and material wealth that will make it a memorable year in all that is worthy of us as Canadian citizens.

THE FUTURE OUTLOOK

As an evidence of the outlook for the future land values in this part of Alberta we are informed that during the past week within fifty miles of our own town and a district no better than this is, $125 per acre was paid for improved land, showing that increased values may be confidently looked for. $72,000 was the actual cash payment in the above transaction.

There is reason to anticipate a considerable immigraton to this part of Canada during the coming spring and summer, as the reports from agents in both the British Isles and the States indicate a great interest being taken in those countries regarding immigration Canadaward and we see no reason why this district should not share in the resultant benefits.

If there should be any discouraged ones among us (from the experience of past seasons) we say "with courage and faith let us look to the future." Better times, better crops, are ahead of us and the man that holds on is invariably the winner.

THE ALBERTA BARN CHANGES HANDS

After an occupancy of several years, Alec Olsen has this week disposed of the livery and feed business at the Alberta Turbin, who has recently been in Barn on Third avenue, to W. on the staff at the Buffalo Park. We extend to the new proprietor wishes for success in his venture, and hopes for a pleasant holiday for Mr. and Mrs. Olsen, who we learn, are intending to visit the coast cities i the near future.

SITE BOUGHT FOR NEW HOME FOR FEEBLE MINDED

The Hon. G. P. Smith, minister of education for the province of Alberta announced last week and that a site has now been procured for the purpose of erecting a home for feeble minded. The land is situated near Oliver, about eight miles east of the city of Edmonton on the Saskatchewan trail, thus being of easy access from all parts of the province.

The institution is to be built on the unit system and added from year to year as requirements present themselves, this system being strongly recommended by all authorities on the subject of public institutions, and the site has been specially favored by both Dr. Hinks, the national secretary on the care of the feeble minded, and Dr. Cook, of Ponoka asylum.

Previously this particular work has been handled in a temporary way by the government at a small home in South Edmonton, where upwards of thirty-five children are at present under treatment.

WOMEN'S INSTITUTE

The regular monthly meeting of the Women's Institute was held on Saturday Jan 10th at the home of Mrs. J. Telford. Ten members responded to the roll-call. Mrs. W. W. Yeager, the president, being in the chair. In the absence of the secretary, Mrs. J. J. Armstrong acted. After the opening exercises several elections took place.

The report of the committee on relief was heard. The donations of clothing have been insufficient for the calls from our own locality, so it was arranged that $25 be taken out of the funds and used to buy articles, such as shoes, for definite cases where articles for a size or age are required. Already $25 had previously been sent to Calgary to the central relief headquarters, and was acknowledged in a vote of thanks received and read. It is to be hoped that those having articles of clothing that they can spare will send them in for cases of need in this locality, cases of proven need, but whose names shall be inviolate, the surplus being sent to Calgary.

Our slender funds being so depleted by these donations, plans for some scheme for raising money were discussed, and, when formulated, will be made public later.

Mrs. Jas. Church gave a well received paper on "Dainty Dishes for Invalids."

After the adjournment, the hostess, Mrs. Telford, served delicious refreshments and was tendered hearty vote of thanks by the ladies for her hospitality.

The next meeting will be held at the home of Mrs. Welsh, on Feb. 14th, when Miss Malone will give an interesting talk. The Institute is planning for a busy year and wishes all its members to rally to help.

G.W.V.A. HOLD MONTHLY MEETING

A pleasant little dinner was participated in by a fair attendance of members of the local G.W.V.A. on Friday evneing last, when Dad Turner provided in his usual lavish style. During the business portion of the meeting over which Chairman Priestly presided, several prominent matters were discussed, chief among which was that dealing with the distribution of Patriotic Fund relef. V. Fieldhouse provided the cigars for the gathering, which proved thoroughly enjoyable.

We understand that arrangements are being discussed for a supper to be given by this organization to their many friends and sympathizers.

DOES IT PAY? WE'LL SAY SO!

Probably the greatest single item in effective advertising is persistence.

One chewing gum manufacturer, who expends $3,000,000 annually in all kinds of advertising, is thoroughly convinced that persistence is essential.

"Nevertheless," he says, "I feel there can be no stopping place. What has been accomplished could be dissipated in a couple of years, were we to stop advertising or any other sales efforts—it would go almost over night, if we did not stay right on the job."—Canadian Grocer.

PUBLIC NOTICE

Public notice is hereby given that there has been introduced in the Council of the Municipal District of Vale No. 392, a By-law of which the following is a short synopsis.

A Bylaw prohibiting the running at large within the Municipality of all stock belonging to persons who are not residents of the said Municipal District.

The provisions of the Bylaw also provide for limiting the number of horses or cattle to 100 and of sheep to 500 which a resident land owner may allow to run at large for each 160 acres so owned by him and that bulls over nine months old shall not be at large in districts two and three of the said Municipality, that is to say, Township forty-one, 41, and the South half of Township forty-two, 42, in Ranges five, 5, and six, 6, West of Fourth Meridian.

Six pounds to be established, one for each division or district.

Copies of the Bylaw may be seen at the residences of:

Secretary-Treasurer, N. G. Van Dyke, Doley.

Reeve—James Taylor, Edgerton.

Deputy Reeve—P. F. Brown, Czar.

Councillors—A. Anderson, Edgerton, O. J. Gould, Buffalo View, Elmer Jackson, Greenshields, Thomas Wilcox, Wainwright.

Copies of the Bylaw and of this notice may also be seen at the Post Offices of Doley, Wainwright, Greenshields, Heath, Edgerton, Metiskow, Buffalo View and Czar.

Notice is further given that unless within thirty days from the publication of this notice, at least ten resident electors of the Municipality petition the Council to submit such Bylaw to the vote of the resident electors of the Municipality, the Council will proceed to pass the same.

Dated at Doley, Alberta, this 12th day of January, A.D. 1920.

There is no getting away from the fact that some coals are better than others. Of the coals mined in the Edmonton district HUMBERSTONE or TWIN CITY COAL has always held an envial'e position due to the fact that they light quickly in the morning, burn a long time at night and produce NO CLINKERS and very little ash. We sell HUMBERSTONE LUMP and TWIN CITY. Then we also handle IMPERIAL NEWCASTLE the best coal mined at Drumheller, this is a harder coal than the above coals very hard and brittle, in fact the best coal that we have ever had the leasure of offering to our customers. The majority of the people of this town have found it to be the cheapest an dmost satisfactory coal they can use. This coal will hold a hot fire longer than any other coal you can get.

We also stock the famous DOBELL COAL, a softer coal than any of the above. This coal is fro mTofield's best mine and will give you a very quick hot fire. This coal has many friends who insist on having it and none other. We are able to have this coal o hand at all times when the other coals are harder to get.

WE HAVE DOBELL LUMP AT $6.00 PER TON

Give us your coal orders and get real coal satisfaction.

LOCAL HAPPENINGS OF INTEREST

Mr. and Mrs. O. J. Elder were city visitors last week end.

Small Bros. want to see you if you are after furniture bargains.

Mrs. F. Devenson was a visitor to Edmonton for a few days this week.

A. Drager, of Carstairs, one of our old-timers, was visiting in town this week.

A. J. Shumiatcher, of Calgary, was a business visitor to town at the beginning of the week.

Frank Bell is spending a few days in the city this week, journeying thither on Sunday night's train.

Successful advertising must attract attention. It must sell goods. In no other way can it become successful.

The most skillful business man is he who sees first and meets best the need and wishes of the community.

Did you notice Small's announcement of the Big Furniture Sale?

We regret to learn that Mrs. Hoegh is on the sick list this week, and express hopes of a speedy recovery.

G. C. Siddall, manager of the Union bank, spent the week-end in the city, accompanied by his wife and family.

Bank-manager Rowe is now in charge at the Merchants bank, he having arrived from Tofield on Monday.

Mrs. David Williams wishes to express her thanks to all friends and neighbors for the expresions of kindness and assistance during her recent sickness.

Mrs. C. W. Turner wishes to announce that she is a candidate in the Edmonton Bulletin's contest. She would appreciate very much if the citizens of Wainwright would give her all the support possible in the way of clipping coupons and all renewals and new subs. over to her. C-Jan 14

Mrs. T. McDougall of Greenshields, is entertaining a visitor these days in the person of Mrs. D. J. Haight, of Adanne, Sask.

Boost for the Bonspiel

Rev. Robert Pearson, B.A., soldier representative of the overseas men in the provincial house will be in Wainwright on Saturday afternoon.

Sunday evening next he will address a public meeting in Elite theatre at 7.30 on the Inter-Church Forward Movement, of which he is the Alberta organizer.

Canada's egg exports for the month of December were small only totalling 10,440 cases. The total for the period from Mar. to Dec. 31, was 186,440 cases.

According to a notification received by C. A. Walton, of the Wainwright Flour Mills, the price of flour will shortly advance approximately 30 cents per barrel.

The carpets and rugs at Small Bros.' sale are sure a snap. See them.

Boost for the Bonspiel

Journeying to California for a few months via Monday night's train were J. W. Stuart and family, and we wish them a pleasant holiday.

Members of the local lodge of the Rebekah degree of the I.O.O.F. are reminded of the regular meeting on Thursday evening, when a large attendance is requested.

"Bobby" Simmerman, who was spending the holiday season with his parents has now returned to the city, where, with "Bud" he is handling cattle and horses from the north country.

Boost for the Bonspiel

A large number of our young people have now returned to the city to continue their thaining along advanced branches of education, among their number being the Misses L. Mabey, N. Dewar, E. Bowen, V. Limpert, and Messrs. M. Pawling, K. Hodgins, and C. Webb.

The many friends of Davy Davidson will be pleased to learn that, despite the fact that he was thrown from the cutter while travelling to town on Saturday evening last, owing to the horse being scared when a line broke, he is now around again after a rest-up from his shaking and bruises.

The members of the High School Literary Society had a pleasant "hike" on Friday evening last when the H. Mabey farm was the rendezvous. After a pleasant evening spent in games and music, refreshments were partaken of before the party returned to town as a sleighing party in charge of the genial Harry.

Mrs. E. M. McNeill, the secretary of the Wainwright branch of the Canadian Red Cross society, will attend at the Red Cross room in Mr. Cork's store, every Saturday, from 2 to 4 p.m., to distribute goods to any returned man and also to families recommended by the U.F.W.A., Women's Institute, or Town Council.

Winter Care and Repair of Farm Machinery

(Continued from Page One).

repaired and ready for use on time. An implement in repair at all times will have a longer life and will give more satisfactory service during its life than one receiving irregular attention. Secondly, clean and oil each machine and give all the polished surfaces an application of some anti-rust preparation. Axle grease or other lubricant will answer the purpose.

Another "critter" occupies space in the implement shed, the twenty-four-hour-day-iron horse or tractor has arrived on the farm. To insure more efficient use of this implement next season there are two things that should b given special attention. First, take steps to put it in the best possible condition now, and secondly, learn as much as possible about the fundametals of tractor operation. Read carefully the instruction book; newspapers, books and magazine articles also furnish a wealth of information. If possible, attend one of the tractor schools which will be conducted during the winter. Leave nothing undone that will fit you to become a more proficient tractor operator.

A properly fitted work shop is a necessity on most farms. It provides a means of acquiring the "knack" in doing repair work. Again, at critical times, such as harvesting or seeding seasons, one long trip to town for repairs may cause a loss of more than equal to the value of a well equipped shop.

Paint, although last mentioned, is by no means the least important factor at prolonging the usefulness of a implement. Painted machinery on the farm is an exception rather than a general rule. The chief utility of paint is in protecting materials rather than improving appearances. Paint of good quality only should be used and the surface to be painted should be dry and clean before the paint is applied.

GRIP, INFLUENZA

Hamlin's Wizard Oil a Reliable, Antiseptic Preventive

During influenza epidemics spray the nose and throat several times a day with one part Wizard Oil and two parts water, using an atomizer. If you haven't an atomizer, gargle the throat and snuff the mixture up the nose. This treatment sets up an antiseptic wall of defense against "Flu" germs.

Chest colds and sore throat tend to grip. Stop them at once with Wizard Oil before they can develop into dangerous influenza.

Get it from druggists for 30c. If not satisfied, return the bottle and get your money back.

Ever constipated or have sick headache? Just try Wizard Liver Whips, pleasant little pink pills. 30c at druggists. Guaranteed.
